OFFICE OF THE SECRETARY

MAGAZINE ARTICLES ON NATIONAL PARKS, RESERVATIONS, AND MONUMENTS

This list of magazine articles on the national parks has been prepared in order to supply inquirers with references to descriptive articles. The articles have been listed alphabetically by magazines, as it is believed that this arrangement is the most convenient one for the persons that will use the list. The articles are all descriptive unless the titles or the notations indicate otherwise. An endeavor has been made to list all magazine articles that have been printed up to December 31, 1910. Persons discovering errors or omissions will confer a favor by reporting them to the Secretary of the Interior.
